Dear <<Student Name>>

The following tables show your results. The statistics give you an indication of how you achieved in different areas of mathematics

		Your score	Country Average	Total Average
Question	1 – 10	... points	... points	... points
	11 – 20	... points	... points	... points
	21 – 25	... points	... points	... points
making a total of		... points	... points	... points

This places you in the top of ... % of your year in your country and in the top ... % of all IMAS participants who wrote same division paper.
